MATH FACTS

We will begin testing our addition math facts next week. You can help your child practice these at home. Flashcards can be easily made or purchased inexpensively. You can find flashcards to print online at this website:

<http://www.memory-improvement-tips.com/support-files/addition-0-12-vertical.pdf>

Your child should be able to answer a basic addition fact question without having to count on his/her fingers. We will be testing once or twice a week. Our goal is to have our addition facts mastered by Christmas.
